- February 1st, 2021

EMVCo is pleased to announce the availability of the updated Level 2 Contact Test Plan version 4.3j. The following documents have been published on the EMVCo website:

- EMVCo Type Approval – Contact Level 2 – Test Cases, Version 4.3j, January 2021
- Contact Level 2 Implementation Conformance Statement, Version 4.3j, January 2021
- EMVCo Type Approval – Contact Level 2 - Administrative Process, Version 2.10, January 2021

All Level 2 EMVCo laboratories that have been provisionally accredited for the delivery of this service are authorized to perform full type approval testing using updated Test Plan 4.3j.

Starting from February 1st, 2021, all Type Approval test sessions should use the 4.3j version of the test documents. After migration period, products will be type approved using 4.3j version of the test plan only.

- Version 4.3j of the Test Cases will be activated February 1st, 2021,
• Product can be registered with 4.3j ICS version as from February 1st, 2021

As part of the Migration period described in the Administrative Process:

• Product can be registered with 4.3i ICS version until March 31st, 2021
• Testing in Version 4.3i shall start before March 31st, 2021.
• The report in Version 4.3i shall be submitted at the latest by June 31st, 2021
• Related RFA must also be received before June 31st, 2021
Legal Notice

This document summarizes EMVCo’s present plans for evaluation services and related policies and is subject to change by EMVCo at any time. This document does not create any binding obligations upon EMVCo or any third party regarding the subject matter of this document, which obligations will exist, if at all, only to the extent set forth in separate written agreements executed by EMVCo or such third parties. In the absence of such a written agreement, no product provider, test laboratory or any other third party should rely on this document, and EMVCo shall not be liable for any such reliance.

No product provider, test laboratory or other third party may refer to a product, service or facility as EMVCo approved, in form or in substance, nor otherwise state or imply that EMVCo (or any agent of EMVCo) has in whole or part approved a product provider, test laboratory or other third party or its products, services, or facilities, except to the extent and subject to the terms, conditions and restrictions expressly set forth in a written agreement with EMVCo, or in an approval letter, compliance certificate or similar document issued by EMVCo. All other references to EMVCo approval are strictly prohibited by EMVCo.

Under no circumstances should EMVCo approvals, when granted, be construed to imply any endorsement or warranty regarding the security, functionality, quality, or performance of any particular product or service, and no party shall state or imply anything to the contrary. EMVCo specifically disclaims any and all representations and warranties with respect to products that have received evaluations or approvals, and to the evaluation process generally, including, without limitation, any implied warranties of merchantability, fitness for purpose or non-infringement. All warranties, rights and remedies relating to products and services that have undergone evaluation by EMVCo are provided solely by the parties selling or otherwise providing such products or services, and not by EMVCo, and EMVCo will have no liability whatsoever in connection with such products and services.

This document is provided "AS IS" without warranties of any kind, and EMVCo neither assumes nor accepts any liability for any errors or omissions contained in this document. EMVCO DISCLAIMS ALL REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AS TO THIS DOCUMENT.

EMVCo makes no representations or warranties with respect to intellectual property rights of any third parties in or in relation to this document. EMVCo undertakes no responsibility to determine whether any implementation of this document may violate, infringe, or otherwise exercise the patent, copyright, trademark, trade secret, know-how, or other intellectual property rights of third parties, and thus any person who implements any part of this document should consult an intellectual property attorney before any such implementation.

Without limiting the foregoing, this document may provide for the use of public key encryption and other technology, which may be the subject matter of patents in several countries. Any party seeking to implement this document is solely responsible for determining whether its activities require a license to any such technology, including for patents on public key encryption technology. EMVCo shall not be liable under any theory for any party's infringement of any intellectual property rights in connection with this document.
