

## Platform Security Evaluation Certificate

Please accept this document as confirmation of the EMVCo Security Evaluation Process.

**Certificate Number: PCN0197**

**Date PCN Issued: 31 Aug 2022**

**PCN Expiry date: 31 Aug 2024**

**Company Name: STMicroelectronics (Rousset) SAS**

Address: ZI de Rousset  
Avenue Coq  
Rousset Cedex 01 13106 France

**Product Name : STPAY TopazBioF1**

**Product Version: v1.0**

IC Manufacturer: STMicroelectronics (Rousset) SAS

IC Name: ST31N600

IC Version: Rev. B

ICCN: ICCN0289

ICCN Issue Date: 22 Oct 2021

Platform Type: GlobalPlatform (open configuration)

Version Number: V2.3.1 (SCP02/SCP03 and amendment J Broker Interface)

Security Laboratory: Serma

Conditions of Certification: Guidance document(s) must be followed

Signed by:

EMVCo, LLC

Disclaimer: Although the secure implementation of any security mechanisms and product functionalities may be evaluated, the EMVCo Security Evaluation Process does not validate the cryptographic algorithms, methods and protocols themselves nor the absence of flaws or defects in the specifications used for product development.

The PCN number must be mentioned to all other vendors or when shipping the product. The use of the PCN number is limited to the product as detailed below. Please also reference the PCN number in any communication with EMVCo. The EMVCo Security Evaluation Process is intended to provide valuable and practical information relating to the general security performance characteristics and the suitability of use for smart card related products and IC chip-based tokens. The EMVCo Security Evaluation Process is designed to ensure a robust security foundation for these products at the product family and component level. The EMVCo Security Evaluation Process is an evolving process in relation to new attack techniques and technology. EMVCo therefore reserves the right to perform new/random security testing throughout the lifetime of the card which may impact certification. The full terms and conditions upon which EMVCo Compliance Certificates are issued by EMVCo are contained in the EMVCo Security Evaluation Process Document and the EMVCo Security Evaluation Certification Contract.

## Platform Security Evaluation Certificate

### User Guidance Documents:

- Security guidelines for application management on the STPay-Topaz-Bio1 platform, Rev. 1, 29 Jun 2022

### Certification Reference Documents:

- EMVCo Security Evaluation Process, v5.3, December 2022
- Security Guidelines for Java Card, Multos and GlobalPlatform Implementations including Mobile Payments, v1.3, December 2022
