Alan Mushing, SEWG Chair
EMVCo, LLC

The EMVCo Security Evaluation Process is intended to provide with valuable and practical information relating to the general security performance characteristics and the suitability of use for smart card related products and IC chip-based tokens. The EMVCo Security Evaluation Process is designed to ensure a robust security foundation for these products at the product family and component level. The full terms and conditions upon which EMVCo Attestation Letters are issued by EMVCo are contained in the EMVCo Security Evaluation Process Document and the EMVCo Security Evaluation Certification Contract.
