Security Evaluation Certificate
Software Protection Tool

Please accept this document as confirmation of the EMVCo Software-Based Mobile Payments Security Evaluation Process.

Evaluation Certificate Number: **SECN0030.06**

Date SECN Issued: 01 Dec 2020   **Next security review due: 01 Dec 2026**

Company Name: Licel Corporation

Address: 515 S. Flower St. 18th & 19th Fl.

                      Los Angeles   CA 90071   UNITED STATES OF AMERICA

Product Name: DexProtector

Product Version: v16.1

OS Type and Version: Android 5.0 and above

Underlying Component Manufacturer: -
Underlying Component Name: -   Version: -

Type: Obfuscation, Root Detection, Anti-Instrumentation, Anti-Emulation, Encryption, Anti-Tampering/Debugging, Integrity Control, SSL Pinning/HPKP

Security Laboratory: Applus+

User Guidance Documents:

- DexProtector Security Guidance Android, v2025-11-03

Certification Reference Documents:

- EMVCo SBMP Security Evaluation Process, v1.8, July 2024
- EMVCo Software-based Mobile Payment Security Requirements, v1.5, January 2025
- EMVCo Security Guidelines - SBMP Software Protection Tools, v1.0, January 2019

Conditions of Certification: User Guidance document(s) must be followed.

Authorized by: Alan Mushing
                 Security Evaluation Working Group Chair
                 EMVCo, LLC
Date: 26 Jan 2026

Disclaimer: Although the secure implementation of any security mechanisms and product functionalities may be evaluated, the EMVCo Security Evaluation Process does not validate the cryptographic algorithms, methods and protocols themselves nor the absence of flaws or defects in the specifications used for product development.

The SECN number must be mentioned to all other vendors or when shipping the product. The use of the SECN number is limited to the product as detailed below. Please also reference the SECN number in any communication with EMVCo.   .
The EMVCo SBMP Security Evaluation Process is intended to provide valuable and practical information relating to the general security performance characteristics and the suitability of use for software-based mobile payment related products. The EMVCo SBMP Security Evaluation Process is designed to ensure a robust security foundation for these products at component and solution levels. The EMVCo SBMP Security Evaluation Process is an evolving process in relation to new attack techniques and technology. EMVCo reserves the right to perform new/random security testing throughout the lifetime of the component or solution which may impact Security Evaluation Certificates. The full terms and conditions upon which EMVCo Security Evaluation Certificates are issued by EMVCo are contained in the EMVCo SBMP Security Evaluation Process document and the EMVCo Security Evaluation Contract. The Product Provider, when distributing this EMVCo Security Evaluation Certificate, shall deliver it in its entirety.   .
