

# Security Evaluation Certificate Software Development Kit

Please accept this document as confirmation of the EMVCo Software-Based Mobile Payments Security Evaluation Process.

**Evaluation Certificate Number:** SECN0033.02

**Date SECN Issued:** 05 Sep 2020

**Next security review due:** 05 Sep 2024

**Company Name:** Payair Technologies AB

**Address:** Adolf Fredriks Kyrkogata 13  
Stockholm 111 37 SWEDEN

**Product Name:** PayAir HCE SDK

**Product Version:** v1.30

**Underlying Product Manufacturer:** GuardSquare

**Underlying Product Component Name:** DexGuard

**Underlying Product Version:** v9.4.0

**Underlying Platform SECN:** SECN0062.01

**Security Laboratory:** UL

**User Guidance Documents:**

- Security guidance/Integration guide, v1.12, 5 Jun 2023

**Certification Reference Documents:**

- EMVCo SBMP Security Evaluation Process, v1.6, March 2022

- EMVCo Software-based Mobile Payment Security Requirements, v1.4, August 2020

**Conditions of Certification:** User Guidance document(s) must be followed.

**Disclaimer:** Although the secure implementation of any security mechanisms and product functionalities may be evaluated, the EMVCo Security Evaluation Process does not validate the cryptographic algorithms, methods and protocols themselves nor the absence of flaws or defects in the specifications used for product development.

The SECN number must be mentioned to all other vendors or when shipping the product. The use of the SECN number is limited to the product as detailed below. Please also reference the SECN number in any communication with EMVCo.

The EMVCo SBMP Security Evaluation Process is intended to provide valuable and practical information relating to the general security performance characteristics and the suitability of use for software-based mobile payment related products. The EMVCo SBMP Security Evaluation Process is designed to ensure a robust security foundation for these products at component and solution levels. The EMVCo SBMP Security Evaluation Process is an evolving process in relation to new attack techniques and technology, therefore Security Evaluation Certificates are issued for three years however the product will remain on the EMVCo Evaluated Products list only if it passes the annual security review. EMVCo reserves the right to perform new/random security testing throughout the lifetime of the component or solution which may impact Security Evaluation Certificates. The full terms and conditions upon which EMVCo Security Evaluation Certificates are issued by EMVCo are contained in the EMVCo SBMP Security Evaluation Process document and the EMVCo Security Evaluation Contract.
