

Security Evaluation Certificate Software Development Kit

Please accept this document as confirmation of the EMVCo Software-Based Mobile Payments Security Evaluation Process.

Evaluation Certificate Number: SECN0152

Category: 1

Date SECN Issued: 16 Apr 2026

Next security review due: 16 Apr 2027

Company Name: Verestro SA

Address: Promienna 10
Warszaw 03-672 Poland

Product Name: Verestro VCP iOS SDK

Product Version: v1.3.2

OS Type and Version: iOS 17.0 and higher

Underlying Product Manufacturer: -

Underlying Product Component Name: -

Underlying Product Version: -

Underlying Platform SECN: -

Security Laboratory: Applus+

User Guidance Documents:

- Verestro Cloud Payments for Cards Product Overview iOS, v1.0-1
- Verestro Cloud Payments for iOS Security Guideline, v1.5
- Verestro Cloud Payments Software Development Guideline[iOS], v1.0
- Verestro Cloud Payments Additional Comments, v1.0

Certification Reference Documents:

- EMVCo SBMP Security Evaluation Process, v1.9, January 2026
- EMVCo Software-based Mobile Payment Security Requirements, v1.5, January 2025

Conditions of Certification: User Guidance document(s) must be followed.

Authorized by: Alan Mushing
Security Evaluation Working Group Chair
EMVCo, LLC
Date: 15 May 2026

Disclaimer: Although the secure implementation of any security mechanisms and product functionalities may be evaluated, the EMVCo Security Evaluation Process does not validate the cryptographic algorithms, methods and protocols themselves nor the absence of flaws or defects in the specifications used for product development.

The SECN number must be mentioned to all other vendors or when shipping the product. The use of the SECN number is limited to the product as detailed below. Please also reference the SECN number in any communication with EMVCo.

The EMVCo SBMP Security Evaluation Process is intended to provide valuable and practical information relating to the general security performance characteristics and the suitability of use for software-based mobile payment related products. The EMVCo SBMP Security Evaluation Process is designed to ensure a robust security foundation for these products at component and solution levels. The EMVCo SBMP Security Evaluation Process is an evolving process in relation to new attack techniques and technology. EMVCo reserves the right to perform new/random security testing throughout the lifetime of the component or solution which may impact Security Evaluation Certificates. The full terms and conditions upon which EMVCo Security Evaluation Certificates are issued by EMVCo are contained in the EMVCo SBMP Security Evaluation Process document and the EMVCo Security Evaluation Contract. The Product Provider, when distributing this EMVCo Security Evaluation Certificate, shall deliver it in its entirety.
