

EMVCo Security Evaluation Certificate

Mobile Application

Please accept this document as confirmation of the EMVCo Software-Based Mobile Payments Security Evaluation Process.

Evaluation Certificate Number: SECN0161

Category: 2

Date SECN Issued: 14 Jul 2026

Next security review due: 14 Jul 2027

Company Name: Redsys Servicios de Procesamiento, SL

Address: C/ Francisco Sancha, 12
Madrid 28034 Spain

Product Name: Bizum Pay

Product Version: v2.0.13

OS Type and Version: Android 7.0 and higher

Underlying Product Manufacturer: Redsys Servicios de Procesamiento S.L.

Underlying Product Component Name: HCE SDK

Underlying Product Version: v3.1.0

Underlying Platform SECN: SECN099.01

Security Laboratory: Applus+ jtsec

User Guidance Documents:

- Bizum Pay_Android_technical_specifications, v1.0.4, 22 Jun 2026
- Bizum Pay - Integracion con apps de Entidades, v2.0.2, 26 Mar 2025

- EMVCo SBMP Security Evaluation Process, v2.0, May 2026
- EMVCo Software-based Mobile Payment Security Requirements, v1.5, January 2025

Conditions of Certification: User Guidance document(s) must be followed.

Authorized by: Alan Mushing
Security Evaluation Working Group Chair
EMVCo, LLC

Date: 20 Jul 2026

Disclaimer: Although the secure implementation of any security mechanisms and product functionalities may be evaluated, the EMVCo Security Evaluation Process does not validate the cryptographic algorithms, methods and protocols themselves nor the absence of flaws or defects in the specifications used for product development.

The SECN number must be mentioned to all other vendors or when shipping the product. The use of the SECN number is limited to the product as detailed below. Please also reference the SECN number in any communication with EMVCo.

The EMVCo SBMP Security Evaluation Process is intended to provide valuable and practical information relating to the general security performance characteristics and the suitability of use for software-based mobile payment related products. The EMVCo SBMP Security Evaluation Process is designed to ensure a robust security foundation for these products at component and solution levels. The EMVCo SBMP Security Evaluation Process is an evolving process in relation to new attack techniques and technology. EMVCo reserves the right to perform new/random security testing throughout the lifetime of the component or solution which may impact Security Evaluation Certificates. The full terms and conditions upon which EMVCo Security Evaluation Certificates are issued by EMVCo are contained in the EMVCo SBMP Security Evaluation Process document and the EMVCo Security Evaluation Contract. The Product Provider, when distributing this EMVCo Security Evaluation Certificate, shall deliver it in its entirety.
